

Office Action Summary

Application/Control Number: 10/646.501 Art Unit: 2859

Applicant: Philip Joseph Catalano

Examiner: Christopher W. Fulton

In response to detail actions corrections made as follows:

Corrections:

1. Claim objection 1

I have cancelled Claims 1 through 6 to correct narrative form. I have cancelled Claims 6 through 13 due to their awkward format, punctuation errors and the misuse of captailzed letters. These have been corrected with new Claims 14 through 16.

2. Claim objection 2 - 37 CFR 1.75 (c)

I have cancelled Claim 9 for being of improper form and that it has no merit.

3. Claim rejection 3 - 35 U.S.C. 112

Claims 6 through 13 have also been cancelled by 35 U.S.C 112 because of their narrative form and that they are not structured for a clear specification of the device. Also, as stated, Claims 6 through 13 are too lengthy and are not set to a one sentence form. I have corrected with new Claims 14 through 16.

4. Claim rejection 5 - 35 U.S.C 112

Claims 6 through 13 have been cancelled under 35 U.S.C. 112, second paragraph, because of omitting essential elements, such omission amounting to a gap between the elements. This has been corrected with new Claims 14 through 16.

Request Assistance with Claims:

I am requesting claim assitance from the examiner as I am an independent inventor and I need help in this area.
